ORDER NOW**THE DESIGN PROCESS**
THE LOGO DEVELOPMENT**1. Placing of orders**

You can commission us either directly via our website or by e-mail or telephone. You can also tell us about your design wishes.

2. First drafts

Based on your specifications, our experienced graphic designers will create and present you with the first individual logo drafts. Then give us feedback.

3. More drafts

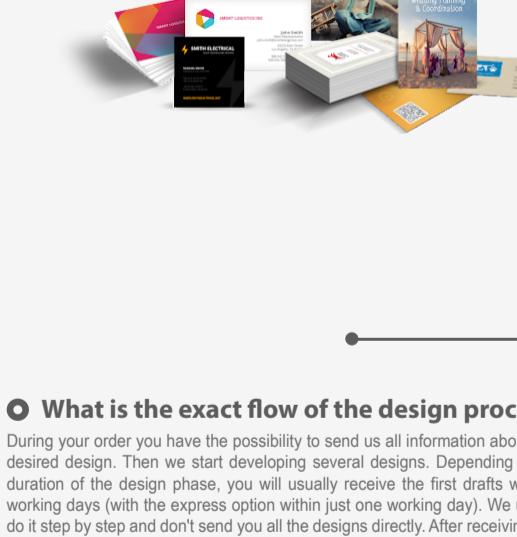

Now our graphic designers design the remaining drafts based on your feedback. After you have received this, let us know what changes you would like to make.

4. Revision

We revise the draft you have chosen according to your wishes until it corresponds exactly to your ideas and has been approved by you.

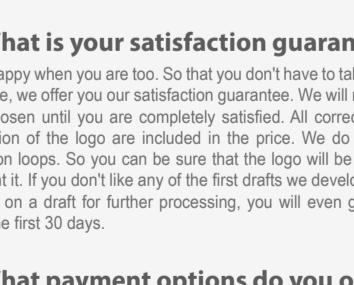

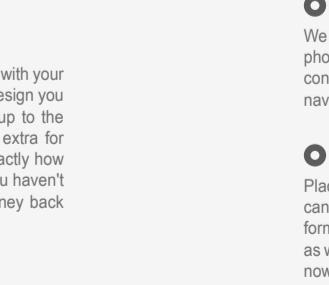

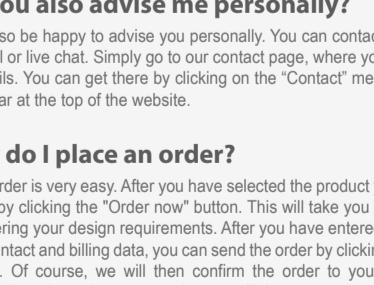

5. Completion

After we have drawn your individual logo, we make it available to you with unlimited rights of use for web and print.

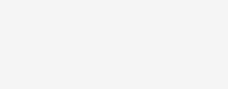

**YOUR SATISFACTION GUARANTEE**

We're happy when you are too. So that you don't have to take any risks with your purchase, we offer you our satisfaction guarantee. We will revise the design you have chosen until you are completely satisfied. All correction loops up to the completion of the logo are included in the price. We do not charge extra for correction loops.

So you can be sure that the logo will be finished exactly how you want it. If you don't like any of the first drafts we developed and you haven't decided on a draft for further processing, you will even get your money back within the first 30 days.
